MEALS ON COMMAND II

Hot or Cold Food, Ready to Serve Anywhere.

Improve patient satisfaction and streamline meal delivery operations with this innovative cook-serve cart. You can assemble trays in advance with confidence, knowing food will stay fresh and delicious. Perfect for extended delivery times, labor shortages, and late tray service, the cart maintains safe temperatures for hot and cold food using an advanced temperature control system. The 120V 1 Phase w20 Amp operation makes it easy to integrate into your existing electrical system and allows for use in any area of your facility.

Features & Benefits

- Ideal for cook-serve applications allowing facilities to assemble trays in advance.
- Maintains temperatures for hot and cold food until ready to serve.
- Ideal for extended, off-time delivery, labor shortages and late tray applications.
- Front of house design can be used anywhere in your facility.
