INTRODUCTION

THE PROCESS

Once you've selected your oven model and features, now it's time to design the look.

1. **Choose Tile Type, Tile Color, Grout Color and Personalized Block Lettering.** Our standard Collection includes your personalized text in block lettering on the front of the oven. If you'd like the tiles to be cut to match your logo, there will be an additional charge based on type of tile you choose, the cost of labor, and how difficult it is to execute the design.
2. **Request a mock-up.** Send your a high-resolution .jpeg, .psd or .ai file of your logo to our marketing team. Mock-ups are computer generated and not representative of the final design of the oven.
3. **Get a Quote.** Once you approve the design, you will receive a quote for the cost including labor.
4. **Production begins.** Once your deposit has been submitted we will begin building your oven.

OPTIONS

1. Our **Standard Collection** tiles are included in the price of the oven. You'll find our wide assortment of beautiful colors on pages 6-12.
2. If you're looking for an extra pop of color to craft your masterpiece, consider upgrading to the our **Bronze Collection**, or **Silver Collection**. Or, the **Gold Collection**. Which contains our most distinctive look, our stunningly iridescent pearl tile.
3. You can choose your **grout color**. View our full color palette on page 37. Please note that the 3D grout is custom ordered and requires 10 weeks lead time and additional cost.

TOTAL COST

1. **Oven Tile.** The cost to apply tile is calculated based on the square footage of your oven, the type of tile you choose, the cost of labor, and how difficult it is to execute your design.
2. **Logo Tile.** Every tile selection includes your company name imprinted in block letters. If you'd the tiles to be cut to match your logo or brand, there will be an additional charge. The cost calculation will depend on colors and style of text and dimensions.
3. **Special Tiles.** When you see this symbol (*), this indicates a tile choice that is more expensive than the others in its category. The (*) will be followed by a dollar amount.
